## ECHOES OF THE PAST.

Thirty-One Years Ago.

### TAKEN FROM HERALD FILES.

July 14 and 21, 1886.

Mrs. John Ward, of the Cox mill neighborhood, sent a specimen of oats to this office the stalks of which will average over six feet in length.

Marion Center, living on Laurel, in this county, was handling a self-cocking pistol last Sunday and accidentally discharged it, killing his infant child and wounding his own little brother who was nursing the child. The ball entered the child's left side and passed out the right side, cutting off the little boy's finger and lodging in his clothing.

At the quarterly conference of the M. E. church South resolutions of thanks were passed to J. Green Trimble, of Mt. Sterling, for a donation of a magnificent communion service, composed of six pieces, two heavy goblets, two plates, one pitcher and one laver.

Just Easter Wilson of this county, just four years, a few days since rode horseback across a mountain to visit her son, Jack Wilson, of Breathitt.

While cutting clover in a field on his lack branch farm last week, Hon. D. S. Godsey killed seven large copperhead snakes. A few days previous Charley Sample of Lacy creek killed two copperheads in his dooryard. On Sunday, the 4th, while the family were at church, a little daughter of Zach Haney killed a copperhead in the sitting room of the family residence.

Charley Sample last week brought to this office a twig one foot in length which contained twenty seven summer apples, and Jim Brown cut a limb about twenty in length from a Siberian crab tree belonging to Mrs. Lou Day which contained forty-one apples.

The postoffice at Daysboro in this county has been re-established and S. C. Alexander appointed postmaster.

Mrs. Nannie Kash, near town, sent us a basket of delicious apples one day last week, for which she will please accept our thanks, and remember that the latch string of our door is always open to her and ladies like her who may be laden with precious gifts for the editor.

Mrs. Fred Day of this place will please accept our thanks for a basket of very fine cucumbers sent us last week, and her little daughter, Minnie, a child fair to look upon, for the greatest vegetable curiosity ever brought in. It consisted of seven cucumbers on one stem, three of them grown together.

David Mose of this place last week caught a beautiful string of fish, including a thirteen inch bass, several smaller ones, some nice redeyes, chubs and sun perch. He is the boss fisherman of these parts. In a recent fishing contest with Dr. Kash and John Nickell he beat the two of them and is now claiming the championship.

#### CAMPTON

G. T. Genter and G. W. Drake arrested a man by the name of Jones, who fills the description of one Ed Jones, charged with having committed murder in Salem, Ill. The boys think they have the right man. The murder was committed in 1880.

Z. T. Huest, one of the ablest young lawyers of this place, while attending the Democratic convention was struck with the idea that he could be Commonwealth's Attorney of the 19th Judicial district. He has not been heard of since.

I was informed by John Wireman a few days ago that he saw a gentleman from Oregon run pure silver out of a rock. This gentleman is a regular chemist and says he has found silver ore since he has been prospecting in this county, but not in sufficient quantities to work.

#### WEST LIBERTY.

Married, on Sunday, July 15, at the Christian Church, Capt. T. J. Henry and Mrs. Kate Cockrell. Rev. J. M. Downing officiating.

On Friday last the mill at this place was out of fix and many were disappointed in not getting their grinding, but the mill will be in shape by next grind day.

#### MAYTOWN.

Elijah Lockhart, on the 4th inst., had a reunion of his children at the family residence at this place. There were nineteen children and grand-children present. Uncle Lijah and his wife had a splendid dinner set for them and they had a general feast together. We wish them all the peace and comfort in their old days that can be bestowed upon them, as they are both good, christian people.

#### ROUSSEAU.

A. F. Chapman was bitten on the hand by a large copperhead snake a few evenings since while getting corn from his crib, and the wound caused much pain, but he is now better.

Jesusa Robbins, about 78 years of age, was drowned in Big Cane, a tributary of Quickland, on June 27. As no one saw him at the time of the accident, he is supposed to have been wading the creek just below his home, where he usually crossed. On the evening he was drowned the stream was exceedingly high and no person would have been safe in crossing. He was found at the mouth of the creek by a small boy while fishing, who notified Anderson Lovely and Phillip Gabbard, who were passing. In a very few minutes the banks were crowded with friends. He was without relatives in this county. Corner Green Taulbee was immediately sent for and an inquest was held. An investigation revealed a small wound on the top of the head about an inch and half in length, which the jury pronounced to be the cause of his death; but whether inflicted by human hands or not could not tell. He was without pants when found and had floated about two miles.

Bad Baker and Rutherford Armstrong had a little spat the other night in which Baker knocked the claret from Armstrong's nose and Armstrong sent Baker to the floor with a Dutch winder. Friends interfered and stopped other damage.

For the first time in twenty-five years silver has been on the upward tendency, it now being quoted at 80 1/4 cents per ounce. Preparations to ship large quantities to France to pay off American soldiers is said to be the cause.

Charles R. Hanson, of Marion county, recently sold to J. S. Hardin, of Knoxville, Tenn., a two-year-old Angus bull for \$500. The animal weighed 1,800 pounds, and is considered an exceptionally fine specimen of the Angus breed.

Mrs. Sue L. Mcford, of Maysville, has sued her husband, W. J. Mcford, for divorce. She states that he has given her only 50 cents a year since 1889.

An epidemic of typhoid fever at Concord, Lewis county, has called physicians from Maysville to assist in attending the patients.

The finding of a strange boy about four years of age in Adams county, O., across the river from Maysville, has set about all kinds of rumors. Some say perhaps he was a kidnapped child and was dropped by the kidnappers. The boy was found in the weeds on a farm crying and was so hysterical that he could not give his name or tell anything about himself. An attempt is being made to find out who the child is and how he came to be where he was found.

At a surprise gathering for a birthday dinner in honor of "Aunt" Jane Walker, at Nicholasville, seventeen persons were suddenly taken with cramps and symptoms of ptomaine poisoning soon after

partaking of the "goodies." Prompt medical attention and administering of antidotes prevented any fatalities.

Irvine White, age 21, a member of the First Kentucky regiment, accidentally shot himself while on guard duty at the Kentucky Wagon works at Louisville and died on an operating table at a hospital.

O. P. Fancher, of Augusta, had five teeth pulled the other day and five bleeding at first caused no alarm. It became so bad he could not see, and the doctor worked on him some time before it could be stopped.

Though wheat threshing is well under way throughout the State and the price stands firm, not much is being offered. Farmers are declaring that their time has come to get a share of the profits. No price has been forecast here.

James Riley, a prosperous Oldham county farmer, died recently at the age of 70 years. He was a native of New York and was kidnapped and brought to Kentucky when a child, having no recollection of his family in the east. He is survived by two children, a son and a daughter.

An eastern horse buyer was in Flemingsburg recently and bought twenty head from Albert Day and twelve from Hord Armstrong at \$10 to \$15. They will be used for cavalry purposes.

Raymond Siemaler was attacked and injured by a eagle near Bryan, Ohio, recently. Siemaler was on his way to work near Six Corners. The big bird was perched on a fence. When opposite, the eagle flew directly at him, losing no time at opening battle. To ward off the attack he threw up his arm and the bird's talons sank deep into his wrist. Grasping it by the foot he threw the eagle to the ground and killed it with a club. It measured four feet and four inches from tip to tip.

Patrick Andrews, a farmer of Nicholas county, has just received news that his son, Fireman Andrews, aged twenty-four, has been killed in battle on the British front in France. Mr. Andrews enlisted with the Canadian troops in France. This is the first Nicholas county boy to lose his life in the present war.

Amateur gardeners in Indiana who went into potato growing with any amount of courage in the spring are wondering why nothing has come of their efforts. It is true many plants were badly damaged by lice, but the gardeners cannot understand why hardly one potato can be found when the ground is spaded up. One gardener who hoped great things dug up half his garden and found only four potatoes, and those small ones, all on one healthy looking plant. His crop was eaten up by the bugs.

The totals of casualties as given out in the German official list since the war began are as follows: Killed and died of wounds, 1,052,809; died of sickness, 72,960; prisoners and missing, 591,966; wounded, 2,825,581; a total of 4,523,337. The naval and colonial casualties are not included.

H. W. Whaley of Cedar Creek, Robertson county, has a bible that is probably the oldest in the state. It was printed in the year 1400 and is leather bound. The old-time kind of type is used, the "a" having the appearance of the letter "c."

"Let us in!" cried the paragraphs knocking at the gasmill's door. "Who are you?" demanded the humorist.

"We are jokes about the high cost of living and—"  
"On your way! There can be no joke about that. It's a crime and an outrage. Be off!"

#### Wolfe County's Braves.

The following are the names of the men drawn for Wolfe county's quota of Uncle Sam's new national army. From this list of 180 will be selected 65 men who will go in training at Hattiesburg, Miss., this fall for winter training. More than likely they will go to France next spring or summer should the war continue to that time. At an unknown time in the near future these men will be called before the county board consisting of T. C. Hollon, Clerk; A. T. Combs, Sheriff, and Dr. G. M. Center, for examination at Campton. Those who wish to be exempted will have to file their grounds for exemptions within seven days from the time of examination and go before the exemption board. #### Lecture at Lee City.

Lee City, Ky., July 18.

Editor Hazel Green Herald:

Miss Leona Belle Carter, the accomplished daughter of Dr. Frank Carter of West Liberty, was here today and gave a lecture telling us how to dry and save fruit and vegetables with as little cost as possible. She organized a drying club while here with Mrs. Wm. Montgomery, President; Mrs. Charles Garinger, Vice President, and Mrs. Dr. C. C. Wheeler, Secretary. We all enjoyed having Miss Carter with us, and feel that it has been a great benefit to us learning the new process of drying fruit and vegetables. Miss Carter will demonstrate in six counties—Morgan, Wolfe, Menifee, Elliott and Johnson.—Cor.

#### Notice to Correspondents.

During this week we sent out a new supply of stationery to our correspondents which no doubt you have received and of which you will make good use. Our able corps of correspondents are the envy of all country papers; in fact, The Herald is the only paper in the country that makes a specialty of correspondence. It is the aim of The Herald to give more news of persons than of things. It is a personal paper. It is not a daily paper and is not expected by reasonable people to supply all the news of the day. It is a local paper and intends to give the news of Hazel Green and points represented by its correspondents.

The people living at places at which we have correspondents should and do owe their correspondents a debt of gratitude. They also owe The Herald a debt of gratitude. Through The Herald these places are advertised and placed on the map. Wherever The Herald goes your locality is advertised. The Herald travels farther and wider than most people imagine. It costs money to set type and advertise these different localities, and how many people appreciate the efforts of ourselves and our correspondents? They are willing to take what we have to give, but when it comes to helping us out in any way how many of the people whom we have advertised will give us an even show when it comes to job work? They are willing to have us print an obituary for them for nothing, but when it comes to job work they will send it to another State or another county and to a paper that never mentions either them or their town. It is not good business for people who benefit by the publication of The Herald to act in such a way as to hamper the thing that is doing them much good. Every place that is represented by correspondents should in justice do all they can for the paper that does for them. It is but right. We are not begging, but we like a fair deal. So we would kindly ask the people who we serve to give us a square deal. If you have printing to be done send it to the paper that prints your news. Our prices are guaranteed to be as reasonable as any one's prices, quality considered.

Our correspondents are requested to make their letters as short as possible to contain the real news of their localities. Do not try to write a long letter just to fill up space. Space is valuable, in fact, that is our stock in trade. Be careful to give the real news of your locality especially in regard to births, deaths, weddings, parties, sales, transfers of real estate, oil wells, leasings, and good personals.

We feel a deep sense of gratitude to our faithful correspondents, and no doubt there are many people scattered all over the United States who each week read the happenings around their old homes with much pleasure. So try to improve your letters each week and get them in just as early in the week as possible. We will do all within our power to print them each week. If we failed to send stationery to any one kindly remind us and we will send same.

We want it thoroughly understood that The Herald boomed the Fourth of July celebration and Flag Raising and they were both a success. There is nothing like a good live paper in a town to boom things. You have it here and it is the duty of every one in the county to help support it. What am "I" doing to help make it a success?

Dr. Steve Swango, of Valeria, was seen in town this week quietly moping about. Feeling anxious about the doctor who had money, had entered the political arena, and was informed by Jesse Horton over the phone that the only arena that he knew of the doctor entering was a matrimonial one and that in this race he was running good and strong.

## UNCLE SAM'S RHYMES

### J. M. TESTER THE MAN.

J. M. Tester is a man  
Whose star is shining bright,  
Search but his record and you'll see  
The beauty of his fight.  
For twenty years he knew no change,  
Will know none to the end,  
His banner bears these golden words,  
"I am Democracy's friend."

J. M. Tester owns a heart  
Where pure ambitions rise,  
He seeks the County Attorney's place,  
And comes with no disguise.  
With all the knowledge of the law  
Stamped firmly on the brain,  
He'll do his duty, it is to him  
A scientific aim.

None better could the county trace,  
Go search it through and through,  
And you will find he stands today  
Before the voter's view.  
As one whose judgment is so sound,  
They're not afraid to trust,  
This sterling man of noble worth,  
Because they know he's just.

There's no use writing a column full  
Of this man's merits today,  
A man you've known these many years,  
Who never went astray.  
This man of honor, courage, worth,  
Is steadfast in the race,  
With one accord let's put him in  
The County Attorney's place.

—UNCLE SAM.

### Farmers, Attention.

Be Progressive! Enlighten the Public!

Since the inauguration of the "Good Roads" movement in Kentucky and the construction of many miles of the best roads found in America, this state has been quite a haven for tourists, coming from almost every state in the union, and since many of our farmers have failed to recognize and grasp the benefits derived through the medium of publicity—in placing their names on gates and entrances to their farms—I am calling upon the land-owners in every county of this commonwealth to please have a board or sign painted, giving the name of the owner of each farm, also the name of the farm, if same bears such, and post in a conspicuous place, on the gate or post at the entrance to the farm. This will require but little effort and expense upon the part of each land-owner and the benefits derived through such simple and inexpensive methods of publicity can not be over-estimated.

Mat S. Cohen,  
Commissioner of Agriculture.

### Wolfe vs. Lee.

To the Voters of Wolfe County:  
Gentlemen—I have decided to withdraw from the race for County Attorney of Wolfe county for the reason that it looks like Wolfe is having a race with Lee county as to which county should furnish a County Attorney for Wolfe the next four years.

I wish to thank the voters for their efforts in my behalf so far, and at some future time, should the people ask it, I am ready to serve them in the capacity as their County Attorney or otherwise.

With kindest regards,  
Leoburn Allen.

### How to Address Letters to Soldiers.

The Postoffice department has issued instructions as to the addressing of letters to soldiers in the expeditionary forces in France. The postage is to be the usual domestic rate of 2 cents an ounce. The letters should be addressed simply with the name of the soldier, the company and regiment, and, as a final subscription, "America Expeditionary Forces." Under no circumstances should the sender attempt to designate the address envelope the location of the unit. The Postoffice department will see that the letters are properly forwarded.

## The Men We are Going to Vote For August 4th.

The time is close at hand when we are to choose men to handle our county finances and manage the government of our affairs generally.

In nominating these men we, as men who are voting with an aim, will vote for the man that is going to stand for material road improvement.

Did you know, Mr. Voter, that this is the opportune time to elect men and stand behind men that will stand for roads regardless of what comes up. Now is the time for this county to vote bonds for building roads. We can give you some good reasons, namely:

First—Our county is being sought from every state in the union by men WITH MONEY—men that want to develop this country for oil and gas. These men are rich and want to spend their money in a way that will make them more comfortable and afford them most pleasure. For instance: If an "oil man" comes to Campton or Helechawa and wants to go to the Lacy creek oil field, the first thing he wants to know is whether or not he can go in an automobile, and if there is one to be had he is going to ride over there in it if it costs him \$5.00, while he could have hired a horse for \$1.00. But, you say, how does this help us build roads? It is this way: That fellow owns these oil wells and wants to be here close. If he can get over the roads then he owns his auto, stays here in the county, pays the county so much for a license to run his auto, pays taxes to county on thing itself, and becomes a taxpayer generally here in the county. As it is he invests just as little money here as he possibly can to operate his business here and spends his time and money in Winchester or Lexington where they have good roads.

Another reason why we should vote road bonds now: Money is the cheapest now this country has ever known it and for that reason we can put our bonds on the market at the lowest possible interest rate.

Have you ever noticed what a man does when gets a few thousand dollars ahead? The next thing you hear of that fellow he is leaving the mountains with his family to a place where he pays a road tax and has good roads. It is the case invariably.

Gentlemen, we appeal to you as a citizen, as a man who wants to live and enjoy life to the utmost, one who expects and is willing to do the most possible good for his county, to vote for the men who will stand for the roads above everything.

### To the Voters of Morgan and Wolfe Counties:

As it has come to that point in my race for Representative where my opponents and their friends are resorting to every known political trick to deceive you and poison your minds against me, I take this opportunity of refuting some of the falsehoods which they have started, asking you to read what I have to say and then pass it on to your neighbors.

Twice in the good county of Wolfe and once in Morgan they have started the rumor and scattered it broadcast that I had quit the race. This rumor was absolutely unfounded and was the offspring of desperate, malicious hearts, who, with defeat staring them in the face, in their desperation are ready and willing to resort to any method however low and debased, to rob me of votes.

One of my opponents, I am reliably informed, has been telling the laboring men around Campton City that I had made the remark that "I was not depending on overall men for my votes." That, my friends is a deliberate lie of the first water, and the death-song of a dying two-by-four politician. If it were not for the laboring people of this district, who have been duped, swindled and sold by machine politics until they are almost hopelessly buried in the cess-pool of graft and corruption, I would not be in this race. I am the laboring man's candidate—I am the laboring man's friend—a man who has made what he and I'll stand by him so long as God gives me mind and physical

strength to do it. It is because the selfish, corrupt politicians of this district realize the fact that I am able to expose their rottenness, and that I will do it if elected, that they are so unfair, so unmanly and crooked in their designs, as to start such lies as this one in circulation against me.

The friends of another one of my opponents have been telling that in one of my speeches at West Liberty I made the statement that "a farmer was not fit, or did not know enough to be a member of our legislature." Two or three hundred of you, my friends, heard my speeches, and two or three hundred of you know that this rumor is a deliberate lie. I have always held the farmers up as being the very backbone of our country, and there are farmers who are qualified and in every way competent to fill the governor's chair of this state. If I am elected I will be elected by farmer's votes, and when elected I propose to put a lot of blood-sucking politicians, who live from the honest toil of the laboring class, out of business and give the farmers and their families a chance.

Another rumor being circulated is, that I have sold out to the present administration and to the liquor interests. That rumor, my friend—that black-hearted lie—originated in West Liberty and was started by a man who would trade on your votes as he would your cattle or your hogs. He is a man who has made what he has got in politics, and who stands out today pre-eminently

the king of hoodlums who support men for a job of some kind. It is such men as he that has plunged Kentucky four million dollars in debt, leaving the burden of his "patronage filled" purse on you and your sons. Listen, my friends, if the present Administration is for me I am grateful for it and have no apologies to make. I have not sacrificed one principle I advocate or surrendered a single plank in my platform in order to secure any man's vote or political support, and God helping me I shall not. I am under no obligations to the Governor of this state or anyone else, and if elected I shall carry out my every promise to you or die in the attempt. I propose to fight the liquor traffic and help drive it from Kentucky, and I would call your attention to the fact that I started my fight against it three years ago, when for seven weeks I was in the field at my own expense fighting to make it an issue in the gubernatorial campaign of the State. Where were my opponents at that time? Did you see them in their saddles fighting liquor? I cannot be bought, for my integrity is above the price of gold. I cannot be influenced except by the common people for whom I am making this fight, and when I am elected I want the farmers, the coal miners, the lumbermen and the railway men who live by honest toil to come to West Liberty, to Frankfort, or to write me at either place, and make their wants known. I want them to establish themselves as my board of advisors—for to them first, last and all the time will I devote my time and my efforts. There will be no representatives of the Haley-Cox machine, or any other machine, behind closed doors to throttle me and say vote "yes" or vote "nay" or appoint this or that. Thank God I am above that, and they know it, hence their bitter, persecuting opposition to me.

G. C. Taulbee.

FRED ADAMS, Guardian, &c., Plaintiffs, vs. MYRTLE ADAMS, &c., Defendants.

BY VIRTUE of a Judgment and Order of Sale of the Wolfe Circuit Court, rendered at its May, 1917, term, in the above styled case, I will on

MONDAY, AUGUST 6, 1917,

it being the regular term of the Wolfe County Court, between the hours of one and four o'clock p. m., at the front door of the courthouse in the town of Campton, Wolfe county, Kentucky, sell at public outcry to the highest and best bidder, for cash in hand, the following lease, which is in words and figures as follows:

Agreement and lease made and entered into this the . . . day of . . . 1917: Witnesseth, that Myrtle Adams, Hoyt Adams and Lillian Adams, by J. L. Horton, Master Commissioner of the Wolfe Circuit Court, for and in consideration of \$ . . . . . duly and truly paid, the receipt of which is hereby acknowledged, do hereby grant, demise and let unto the lessee all the oil and gas in and under the following described tract of land; also the said tract of land for the purpose of entering upon, operating thereon, and removing therefrom said oil and gas for the term of . . . . . years from date, and as much longer thereafter as oil and gas is found thereon, with the right to use oil, gas and water therefrom; and all rights and privileges necessary or convenient for such operation; also the right to remove at any time all property, pipes or improvements placed or ereccted in or upon said land by the lessee. Said land being all their interest in and to the following described tract of land: Situated on the Standing Rock ford of Red river, in the county of Wolfe and state of Kentucky, and bounded as follows:

When required by first party second party shall bury all pipe lines below plow depth. Hazel Green Has a 'Flivver.'

Hazel Green is more like New York this week than it has been for some time. On Wednesday W. J. Hollon and A. C. Pieratt purchased a new Ford machine and will in the near future run a regular automobile line between Hazel Green and Heleehawa. They are preparing to repair the road in such a way as to make the passage of automobiles to the station possible. If they will fix the road and run their machine regularly so that people can get to and from Hazel Green easily a great many people would come here that otherwise would seek some other good place more accessible. Let the good work go on. The more automobiles we have in the country the sooner we will have good roads.

## Mrs. A. J. Blankenship

## Passes Away.

After an illness of several months, and after having been confined to her bed for about five weeks, Mrs. Callie Blankenship, wife of A. J. Blankenship, passed to her eternal reward at 9 o'clock Thursday night, in the full triumph of a christian faith.

Before her marriage she was Miss Callie Wallace, daughter of William and Martha Wallace, both deceased, and was in her 42nd year. She was married April 2, 1891, to Andy J. Blankenship, with whom she lived happily until her death. To this union were born seven children, all of whom were present at the hour of her death. Their names are: Mrs. Ida Neff, Miss Glenn, Miss Irene, John A., Wallace, Truman and Olan. Besides her husband and children she is survived by four sisters and one brother, namely: Mrs. T. M. Lee, a twin sister, Mrs. A. C. Pieratt, Mrs. Madeline Caudiff, Mrs. Lizzie Byrd and John M. Wallace of Montgomery county.

Burial will take place Saturday, July 28, at the family graveyard on the farm of T. M. Lee on Grassy. Funeral will be preached and services conducted by Revs. G. M. Center and C. T. Walters, of which communion Mrs. Blankenship was a consistent member.

In the death of Mrs. Blankenship the community sustains a distinct loss, her children a fond mother, and her husband a good wife.

## A Growing Evil.

One of the many growing evils of this country today is the city mail order store. In our town, where we have the best of stores, the most honorable merchants, and where goods are sold at a margin so small as to afford a respectable living to our business men, thousands of dollars are annually sent to the mail order houses of our great cities. Farmers expect our merchants to pay them a fancy price for butter, eggs and poultry, for their pumpkins, potatoes, tomatoes, beans and apples, and then they take the money received from our home merchant and send it to the mail order house in the city. There is neither economy or honor in such a manner of doing business. You can write it down in your hat that as a rule the mail order house is a swindle. Our citizens who patronize them should be compelled to ship their butter and eggs to them. There is not a business man in our town who will not duplicate their prices for the same quality of goods, and he who turns down his home merchants to patronize these fakirs is far from being a loyal, patriotic and good citizen.

## What's the Use?

It is of little use for the local editor to waste his lungs and sprain his spine in trying to boom a town when the citizens all stand around with their hands in their pockets and indifferently wait for something to turn up. If the capitalists or business men do not put their shoulders to the wheel and do a little boosting it is useless for the editor to try and boom things. He can write articles till he gets baldheaded, but if the citizens themselves do not take hold and push, the town will forever stick in the mud. Of what use is it for the local paper to suggest improvements and new enterprises if the suggestions are never acted upon? One man cannot boom a town. It requires the concerted actions of the citizens. When one man shoulders a town and attempts to carry it, there are always a lot of cranky kickers ready to jump on top of the load. Unity of action is what knocks.

Bob Brooks, candidate for Magistrate, and Clarence Trimble, candidate for Constable, gave us some valuable aid press day, and if they are as good at political work as they are at turning the "glory wheel," they sure must be classed cracker-jacks.

The Mountain Oil Company brought in a well on the Clayton Center farm this week which turned out to be a dry hole.

George Steele and Andy Clouse, of Campton, in the employ of the Cumberland Pipe Line Co., were in town Thursday.

Lieut Arch Cope, of Jackson, is here this week trying to get recruits for Uncle Sam's army.

Van B. Elkins, candidate for County Clerk, was in town this week mingling with friends.

## A Courtesy You Owe.

The nicest courtesy you can show your guests is to have their visits mentioned in these pages. The nicest courtesy you can show your friends is to let them learn of your visits through these pages when ever you so away. And we will consider it a courtesy whenever you give us an item of any kind.

## Lost.

Between J. B. Elkins' home and Hazel Green a black pocket-book containing a number of checks and money orders but no money. Finder will please return to the undersigned and receive a reward of \$5.00. James I. Hollon.

## Submerged.

While on his return with the mail from Index on Tuesday, Willie Ross, the carrier, came very nearly being drowned. A heavy rain had caused the ford of Grassy near the home of L. C. Caskey to become very much swollen. When he entered the ford the water was formidable, but while crossing the stream a heavy gush of water came down upon him and the horse and buggy in which he was riding. The force of the water upturned the buggy and completely inundated the whole outfit. He happened to catch a root of a nearby tree and saved himself out. The mule which he was driving was with some difficulty cut loose from the buggy and got out. On the next day the buggy was found lodged some distance down the creek, and the mail pouch was found about two and a half miles down the stream.

## DOINGS DOWN ON THE FARM.

### CAMPTON.

Rush Evans, for the past several years considered the champion hunter of this place, informs us that he is no longer to be considered as such, and that he has succeeded in landing the game he was looking for. Carl Cundiff is now considered the most famous in this line at the present writing.

Mrs. G. W. Lovelace, of Stillwater, is here with her sister, Mrs. A. C. Oliver, who is very low with stomach trouble.

The infant child of Andy Clouse and wife died on the 15th inst. and was buried in the Evans graveyard.

Rev. J. T. Coons and family have moved into the house with Uncle Fayette Shull, he being left alone by the death of his wife a few weeks ago, and who was Mr. Coons' mother. Mr. Shull is past 86 years of age, and this family has moved in to take care of him.

Maynard Lovelace, of Stillwater, and Lizzie Boling, of Campton, were quietly married Saturday night at 7 o'clock at the home of Mr. and Mrs. G. B. Stamper, Rev. L. T. Allison tying the nuptial knot. They left immediately in G. W. Center's automobile for the home of the groom's parents, George Lovelace and wife, at Stillwater. The bride is a daughter of B. F. Boling of near town.

Miss Creasy Allen, after spending two weeks with her parents at Lee City, returned Saturday to the home of her brother, G. C. Allen, where she has been staying for the past three months during the absence of Mrs. Allen, who is at Asheville, N. C., for her health.

Mrs. S. B. Allen, of Bertline, is visiting her parents, Judge and Mrs. B. D. Rose, this week.

R. B. Gregory, wife and baby, of Ravensona, are here visiting Mrs. Gregory's mother, Elizabeth Chapel.

Frank Alexander and Jim Smith, of Bearpen, visited Stewart Cox Sunday.

Miss Calla Tutt, who is teaching school at Wilbur, spent Saturday and Sunday with her sister, Mrs. J. H. Stamper.

Willie Stamper passed through town Friday with a nice bunch of cattle for the Winchester market.

J. S. Miller and W. H. Oliver last week were out in the hills trying to buy sheep. They secured 450 head by paying a war-time price.

The drill is still going on the Stamper well No. 1. The lease owners, as we are informed, say they are going on down until they find oil, China or the other country that is supposed to be beneath us and reputed to be a very hot one. They are now 80 feet in the oil sand.

Capt. S. B. Smith has had luck mixed with good luck. He recently leased his farm near town receiving a bonus of \$3,000, which we are glad to report. But we are sorry to report his bad luck. During the hail and wind storm his corn crop consisting of 100 acres was blown down and the hail beat the stalks into the earth. He also had in a large acre age of oats almost ready to harvest which was also ruined. His loss was \$1,000 at the least estimate.

C. S. Gosney, of Avant, Oklahoma, and two sons of B. T. Gosney of the same place, are here visiting their father and grandfather respectively, C. H. Gosney.

Harris Arnett moved Tuesday to his property purchased from G. C. Allen. Mr. Allen will move to Winchester this week, where he has for some time conducted an oil brokerage office.

Mrs. A. C. Oliver, who for two years has been a sufferer with stomach trouble, and for the past six weeks has been confined to her bed, left Monday afternoon for a Lexington Hospital for treatment. She was accompanied by her sister, Mrs. G. W. Lovelace of Stillwater.

Miss Minnie Miller, of Landsaw, is staying with Mrs. J. C. Lindon.

For a time here the honk of the automobile was a signal for all the family to run to the door to watch the homeless wagon pass, but they are now put second as an attraction since Henry Proffitt, of Proffitt Bros.' store, brought to town a brand new Red Indian motorcycle. He can beat them at speed or anything else that goes to make a noise.

Campton Graded High School opened Monday with a large enrollment with Prof. C. W. Wright as Principal; Prof. Pope, Intermediate Department, and Miss Christina Gibson, Primary Department. A number of the patrons were present, and all seemed interested and well pleased with the corps of teachers. Prof. Wright and Miss Gibson have taught here and gave perfect satisfaction.

On next Sunday, the 29th, Rev. L. T. Allison will preach at Bearpen schoolhouse and there will be a basket dinner, or dinner on the ground, in the way we were learned to use the expression. Anyway, it will be a fine place for the hungry candidate to go.

O. W. Cecil and wife, of Hazel Green,

visited their daughter, Mrs. G. B. Stamper, last week.

Miss Mary Wyatt, who for several years was superintendent of the cooking department of the Combs Hotel under the management of the late S. S. Combs, is now at the Campton Hotel, where she assumed the same management last Monday morning.

Dale Woodson and Ballard Vancleave, who have been with G. W. Salley for a few days, gave bond Monday and are free again until circuit court.

The selective service, like the recent grand jury, seems to have bit in high places here. We learn that among the lucky numbers are Rush Evans, Assistant Cashier of the Farmer's and Trader's Bank; James Swope, agent of the Mountain Central R. R., and Andy Clouse, telegraph operator for the pump station for the Cumberland Pipe Line Co. All these gentlemen are married, have wives, but no children.

Osa and Ann Ely of this place departed Wednesday for Middletown, Ohio, where they will work. They were accompanied to Lee City by their mother, who, we know, will be very lonely, as they were the only two boys with her.

Died, July 15, Mrs. Isabelle Nickell after an illness of seven weeks. She was 64 years and three days old at her death, the mother of eleven children, of whom eight are living. Six were present at her death. Mrs. Nickell was a true Christian woman. She made her home with her son, Scott Nickell, and was there at the time of her death. There was a vacant seat in heaven the Savior called our dear mother to fill. Her work on earth is done, her dear body must be still, her spirit has gone to heaven above its vacant place there to fill. There is one hope we still hold dear, we'll meet our mother in heaven above where parting we will never fear.

Since then they have been staying with some of their children. They are the parents of seven children, five of whom are living. They have 32 grandchildren, 45 great-grandchildren and one great-great-grandchild. They have been married 73 years and have been blessed with good health the greater portion of their lives. They are closely related to the Hursts, Taulbees and Kashes, all prominent families of Wolfe county. They will make their future home with their daughter, Lila, at this place.
